Have the **network login details** ready

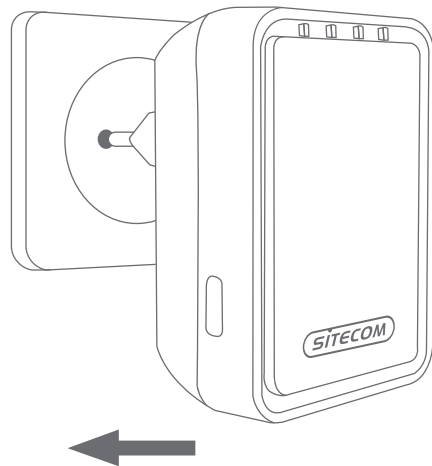

The image shows a screenshot of the Sitecom Wi-Fi access point configuration interface, displayed on a purple background. The interface is titled "Network login details. Keep this safe!" and includes the text "Wi-Fi access point | WLX-2005 v1 001". It contains two main sections: "Access Point configuration" and "Wirelessly connect to this Access Point". The "Access Point configuration" section has fields for "Type the following IP address in your web browser: http://sitecom.AP", "Username: admin", and "Password: XXXXXXXXXXXX". The "Wirelessly connect to this Access Point" section has fields for "Network name: sitecomXXXXXX" and "WPA2 code: XXXXXXXXXXXX". At the bottom, there is a "Serial No.: XXXXXXXXXXXX" field and the "SITECOM" logo.

1

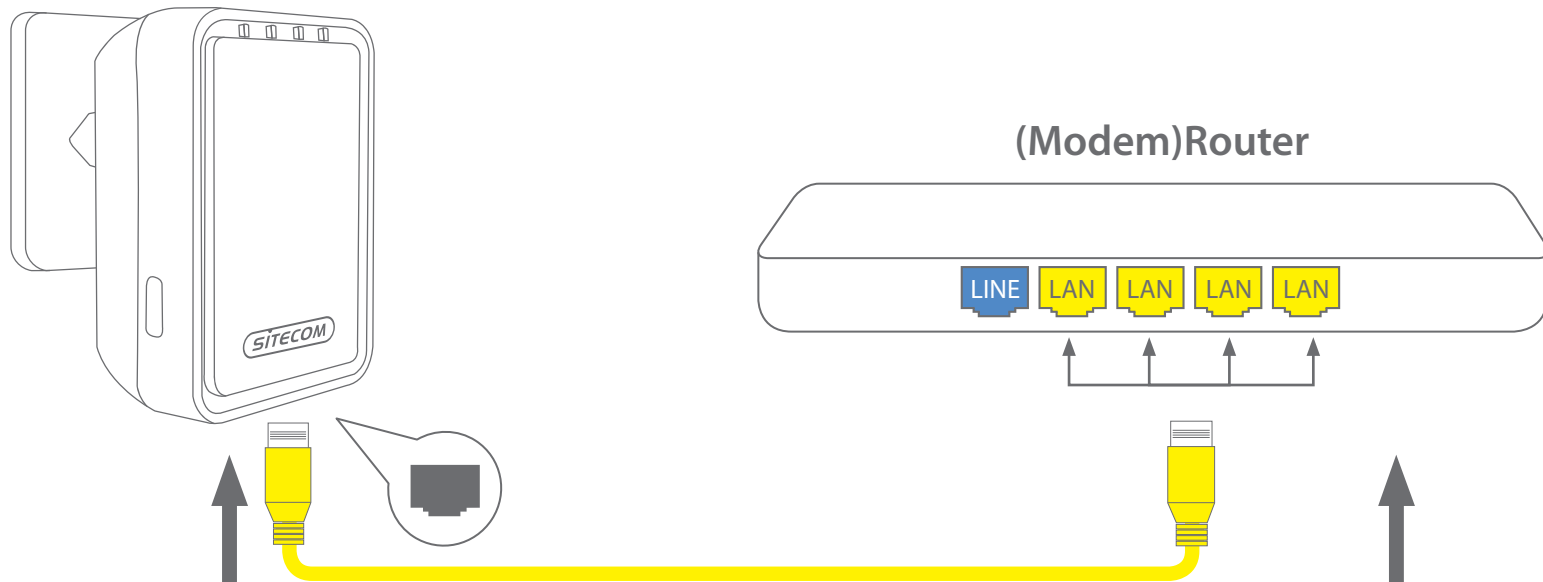

Connect the access point to your (Modem) Router
